GENERAL NOTES

1. This drawing illustrates a general arrangement layout with recommendations for VELUX roof window installations in a 12:12 slope roof structure designed by others. This drawing utilizes (3) VELUX model GDL CABRIO Balcony Roof Windows.

2. The architectural/structural design and specifications of a roof window structure for this project is determined and provided by others. The design criteria includes, but is not limited to design loads, structural configurations, structural framing, member sizes and material, architectural finishes and integration with the roofing system of this building. VELUX assumes no responsibility or liability in the design, construction and performance of a roof window structure by others.

3. For additional installation information refer to the Cabrio Balcony Roof Window Installation Guide V-USA-97.
